D1FBIS

FBIS-1308/85
6 February 1985

MEMORANDUM FOR: Special Support Assistant to the DDA

THROUGH: Director, Foreign Broadcast Information Service

FROM: Chief, Administrative Staff, FBIS

SUBJECT: Alternate Foreign Locations for College-Level Educational Travel

25X1

1. The Director, FBIS has the authority to approve educational allowances and educational travel for college-age dependents of FBIS Third Country National (TCN) employees. Most of the TCN's who take advantage of the travel benefit send their children to colleges and universities in the United States. However, there are instances when the TCN employee would prefer to send his child to a college or university level institution in a country other than the United States. One example is a TCN in Amman who had considered sending his daughter to a university in England. Another example is an Australian TCN assigned to the Okinawa Bureau who has requested approval to send his son to a university in Australia.

2. Since some of our TCN's have cultural or academic preferences for university training of their children at institutions other than in the United States, it is requested approval be granted for an exception to the Standardized Regulations which would permit FBIS to approve educational travel of FBIS TCN's dependent children to countries other than the United States.
